## OUR CAUSE

Gala Blue aims to raise more than \$100,000 for the JLF. Help us change the lives of people living in our communities by attending this special evening.

The JLF relies on generous donations to help financially support Australians with cancer. For each fundraising event, we raise all monies to cover the cost of producing the event and to help fund more treatments for people living with cancer. While there are many costs to staging a Gala, our main objective is to raise as much money as possible for the JLF.

This event is held in association with the Australian Gift & Homewares Association (AGHA) who represent and connect wholesalers and retailers in this sector. They are the official convener of the industry and a trusted forum for gift and homewares best practice, community and belonging.

***All proceeds on the night will be donated to the John Logan Foundation.***
